Title: List of Commodities by Firm Available for Exporting (U.S. Supplier Listing) OMB Number 0551-0031.

Expiration Date of Approval: July 31, 1998.

Type of Request: Extension and revision of a currently approved information collection.

Abstract: The List of Commodities by Firm Available for Exporting is a service provided to any foreign buyer, or other U.S. agent or broker. This service is intended to assist foreign buyers to contact U.S. exporters or small and medium size U.S. companies about purchasing products. The lists are contained in a searchable database on CD rom that is distributed to USDA overseas offices. It is a tool for offices to use in responding to requests from foreign buyers and importers to help them find a U.S. supplier of food, farm, and forest products. An exporter may be listed in a number of products areas. Each listing provides a product description and information about the exporter. This information is collected by the USDA from a registration form which the exporter completes followed by a qualification process before the exporter is listed in the database. The database is necessary to facilitate effective advertisement and marketing of the U.S. agricultural product in overseas markets. Authority for this program falls under 7 U.S.C. Part 1761. The program is voluntary. A small fee is charged for use of the service in the domestic United States and is free through USDA's overseas offices.

Estimate of Burden: The burden to U.S. exporters is estimated to average 0.25 hours per response.

Respondents: U.S. agricultural exporters of food, farm, and forest products.

Estimated Number of Respondents: 4500 per annum.

Estimated Number of Responses: 1 per annum.

Estimated Total Annual Burden of Respondents: 1,125 hours per annum.

Copies of this information collection can be obtained from Valerie Countiss, the Agency Information Collection Coordinator, at (202) 720-6713.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.
